Selected conference panels, papers and guest lectures (since 2013)

2023
"Strangely, I see it as not as an AI doll, but my friend or granddaughter"; Companion robots, sea-weed harvesting and (inter)generational care in South Korea. On panel: Everyday Care Crises and New/Emerging Forms of Solidarity, MEGA seminar, Sandbjerg Gods.

"Sounding South Korea; the affects and effects of 'sound-ethnography". Sound piece for
panel: The Ethnographic salon; Experimenting with ethnography. MEGA seminar, Sandbjerg

Making (it) home; The world-making potential of art on home and belonging in post-migration Denmark. Paper for Lund Seminar on Migration and art, December.

2022
Ethnographic diffractions – exploring migrant homemaking through artworks and Google Earth
Walks. Research Forum, Lund,
The arts of home-making: A postmigration perspective on film and visual art in Sweden and Denmark, Nordic Migration Conference, Copenhagen, Denmark.

Screen-based home care visits, care work and old age in the Scandinavian welfare state - the case of Denmark: Paper presentation, with Line Hillersdal, at the International Society of Gerontechnology conference in Daeugu, South Korea: Gerontechnology in the Era of Artificial Intelligence.
2021
Panel co-organizer; Caring for the senses: life-worth, optimization and technological imaginations of a (fully) functional ageing body. Paper: Technological disruptions, Skilled Sensory practices and care work in old age. With Line Hillersdal. Conference on Chronic Living. University of Copenhagen.

2020
"Aging, social relations and digital technologies" Paper presentation for a meeting of politicians, region south Denmark. (Regionsrådsmøde, Region SydDanmark)
"Aging, social relations and technological innovation in Covid times". Paper presentation for COVID 19 research seminar, hosted by the ITU .
'Body-cartographers and infrastructures of security" Paper for the BodyImage(s) conference in Konstanz, Germany
'Biometric technologies; Care, control and digitized bodies"Master class, Zealand Academy of Technology and Business

2019
'Aging and technologies in the Danish Welfare State'. Keynote at the Korean Rehabilitation and senior Care Exhibition, Busan South Korea.

'Sensing Old Age; Travelling technologies and the configurations of aging in Korea and Denmark', presentation for the international board at Center for Healthy Aging conference.

Presentation on transparency and trust in the digital. Knowledge seminar, the Agency for Digitization, Ministry of Finance.

Biometric Border Worlds Inc. paper for the "Day of the Department", Department of Anthropology UCPH

2018

Co-organizer of panel: "Technologies of Mobility and Immobility; Ethnographies of Biometric border practices in a changing world" at the annual meeting of the American Anthropological Association in San Jose, Ca.
"Biometric communities - Friends, foes and the political economies of biometric technologies", Paper for the AAA conference (American Anthropological Association) San Jose, California, US.
"Laboratory story - Biometrics, body-cartographers and infrastructures of mobility" paper for the Social center for Data Science (SODAS), UCPH.

"Body-cartographers and infrastructures of security", paper for the seminar:
Appropriating Technologies – The political economy and routinization of artefacts and devices, organized by the Anthropology of Technology network.

Panel "Artefacts of mobility and immobility in the border world" co-organized with Perle Møhl, EASA, Conference of the European Association of Social Anthropologists, Stockholm, Sweden.
Paper: "Travelling bodies, biometrics and borders"

2017
"Biometrics under attack – or when the 'spoofer' is on the loose; Configuring IDentities in biometric labs and conferences. Paper for the International workshop "IDentities and identity: biometric technologies and migration in the border world", UCPH. Collaboratively organized by the biometrics researcher group.

 "Securing the Future? A tale about security and uncertainty among migrants and tech-developers" Paper presentation with Anja Simonsen for REMESO, the Institute for Research and Migration, Ethnicity and Society, University of Linköping, Sweden.

"The configuration of spoofers and biometrics in the border world" Paper for the 6th PACSA conference (Peace and Conflict studies in Anthropology), Amsterdam.

Collaborative presentation of the Biometric project at the international workshop "High risk migration & social ties",

organized by VU, Amsterdam, and DIIS, Copenhagen.

(co-)organizer of two panels at the Biennial Mega-Seminar of Anthropology, Aarhus and Copenhagen University Departments of Anthropology, Sandbjerg, DK:
Panel session: "Movements to and End" organized by Olwig and Grünenberg.
Paper: "Embodying the end; The configuration of 'biometric ends' from politics to machine room and back"
Panel session "(T)Reason – The End of Loyalty", organized by Ayo Wahlberg, Møhl and Grünenberg.

2016
Co-organizer of EASA panel "Technologies, bodies and identities on the move: migration in the modern electronic technoscape" at the European Association of Social Anthropologists' Biennial Conference in Milano.

2014
"Tales from the Ethnographic Cooking pot; Ethnography in design processes", Copenhagen Institute of Interaction Design (CIID).

"Dwelling, Embodying and Doing Home across Space and Exile". University of Glasgow, Urban Studies.

"Not Just Any-body; Biometrics and bodies as true markers of identification in a Migration context", paper, MEGA seminar (dept.of Anthropology UCPH, Aarhus)

2013
"På sporet af social sammenhængskraft i en Københavnsk bydel." Præsentation af projektkonklusioner, områdeløft Valby, 2013.

"Investigating social cohesion in a migration perspective", lecture on course Ethnographic approaches to Migration issues in Scandinavia, Dept. of Anthropology.

"Social Cohesion and urban regeneration in a Copenhagen Neighbourhood." Presentation at SOCED cluster seminar, UCPH.

Research outputs

Securing the Future? IDentity and Security among Migrants, Policymakers, and Tech Developers
Grünenberg, Kristina & Simonsen, Anja, 2023, In: Papeles del CEIC. 2023, 1, 17 p.

'Den Nordiske Model': Rejsende velfærdsvisioner for ældreomsorg i Danmark og Sydkorea
